OSHA Material Safety Data Sheet
Product: Burberry for Men Type

1. Chemical Product and Contact Information
   - Product Name: Burberry for Men Type
   - Product Use: Fragrance for Consumer product
   - Contact Info:
     - Pure Fragrance Oils
       - PO Box 105
       - Chino Hills, CA 91709
       - Phone: (909) 354-8839
       - www.purefragranceoils.com

   Emergency Telephone Number(s):
   - (800) 255-3924 Domestic USA, Canada, Puerto Rico, and US Virgin Islands
   - (813) 248-0585 International

2. Hazards Identification
   This mixture has not been tested as a whole. The effects, listed below, are based on evaluation of individual components in accordance with the provisions of 1910.1200 of title 29 of the U.S. Code of Federal Regulations.

   Emergency Overview of OSHA Hazards

   - Flammability: Class IIIA Combustible Liquid
   - Acute Dermal/Eye:
     - 12 Causes skin irritation.
     - 15 May cause eye irritation.
   - Acute Oral:
     - 3 May be harmful if swallowed or if aspirated into the lungs
   - Sensitization/Allergic Response:
     - 31 May cause allergic skin reaction.
   - Target Organ Effects:
     - 28 Prolonged or repeated Dermal Exposure may cause damage to: kidneys, skin
     - 26 Prolonged or repeated ingestion may cause damage to: kidneys, liver.

   Carcinogenicity: This mixture contains ingredients identified as carcinogens, at 0.1% or greater, by the following:
   - None [X]  ACGIH [ ]  IARC [ ]  NTP [ ]  OSHA [ ]

3. Composition/Information on Ingredients
   - Chemical Identification: Perfumery Compound (Mixture)
   - INCI Name: Fragrance

   Fragrance Compound: a multi component mixture of fragrance ingredients. The specific chemical identities of the ingredients not listed herein are considered by Pure Fragrance Oils to be Trade Secrets and are withheld in accordance with the provisions of 1910.1200 of title 29 of the U.S. Code of Federal Regulations.

   This product is a complex mixture of fragrance ingredients, which contains among others the following substance(s), presenting a health or environmental hazard within the meaning of OSHA Hazard Communication Standard 29CFR1910.1200 (HCS), or having an occupational Exposure Limit:

Total Hydrocarbon Content (% w/w) = 14.65

4. First Aid Measures

Inhalation: Remove from exposure site to fresh air and keep at rest. Obtain medical advice.
Eye Exposure: Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.
Skin Exposure: Remove contaminated clothes. Wash thoroughly with water (and soap). Contact physician if symptoms persist.
Ingestion: Rinse mouth with water and obtain medical advice.
Others: Take risk and safety phrases (section 15) into account.

5. Fire-Fighting measures

Flash Point: 155 F (68.33 C)
Flammability: Class IIIA Combustible Liquid
Extinguishing Media: Carbon dioxide, dry chemical, foam.
Do not use a direct water jet on burning material.
Special Fire Fighting Procedures: Wear NIOSH approved self-contained breathing apparatus and full protective clothing when fighting fires involving chemicals. Use water spray to cool containers exposed to fire.

Unusual Fire and Explosion Hazards: None Known to Pure Fragrance Oils.

6. Accidental Release Measures

Personal precautions: Avoid inhalation and contact with skin and eyes. A self-contained breathing apparatus is recommended in case of a major spill.
Spillage: Clean up spillage promptly. Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapors. Gross spillages should be contained by use of sand or inert powder and disposed of according to the local regulations.
Environmental Precautions: Keep away from drains, soil, and surface and groundwater.

7. Handling and Storage

Handling: Apply according to good manufacturing and industrial hygiene practices with proper ventilation. Do not drink, eat or smoke while handling. Respect good personal hygiene.
Storage: Store in a cool, dry and ventilated area away from heat sources and protected from light in tightly closed original container. Avoid plastic and uncoated metal container. Keep air contact to a minimum.
Fire protection: Keep away from ignition sources and naked flame.

8. Exposure Controls/Personal Protection
8. Exposure Controls/Personal Protection

ENGINEERING MEASURES
Closed Systems: Wherever possible, use closed systems to transfer fragrances.
Isolation: If appropriate, isolate mixing rooms and other areas where fragrances are openly handled and maintain these areas under negative air pressure relative to the rest of the plant.
Ventilation: Use local exhaust ventilation meeting ACGIH design criteria around tanks and other sources of potential exposures, including places where fragrances are openly weighed or measured, as well as general dilution ventilation of the work area to eliminate or reduce possible worker exposures.

PERSONAL PROTECTIVE EQUIPMENT
Respiratory Protection: Avoid excessive inhalation of concentrated vapors. Apply local ventilation where appropriate.
Eye Protection: Use goggles.
Skin Protection: Avoid Skin contact. Use chemically resistant gloves as needed.

9. Physical and Chemical Properties

Appearance: Conforms to Standard
Color: Colorless to Pale
Freezing Point: Not determined
Melting Point: Not determined
Auto flammability: Not determined
Oxidizing properties: None Expected
Density @ 25 C: 0.9150
Refractive Index @ 25 C: 1.4880
Soluble in: Oil

10. Stability and Reactivity

Reactivity: Presents no significant reactivity hazard, by itself or in contact with water. Avoid contact with strong acids, alkali or oxidizing agents.
Incompatibility: Avoid contact with strong acids, alkali or oxidizing agents.
Decomposition: Carbon monoxide and unidentified organic compounds may be formed during combustion.

11. Toxicological Information

Based on the ingredients in this mixture and their concentrations in accordance with the provisions of 1910.1200 of title 29 of the U.S. Code of Federal Regulations:

Acute Oral Toxicity (Rat) Overall (Calculated Estimate) LD50: 3296.44 mg/Kg
3 May be harmful if swallowed or if aspirated into the lungs
   120-51-4 Benzyl Benzoate (LD50 = 1500 mg/Kg)
   68917-33-9 Lemon oil terpenes (LD50 = >2000 mg/Kg)

Acute Dermal Toxicity (Rabbit) Overall (Calculated Estimate) LD50: 3881.67 mg/Kg
None

Acute Inhalation Toxicity (Rat) Overall (Calculated Estimate) LC50: 8.04 mg/Kg
None
11. Toxicological Information

Skin irritation
12 Causes skin irritation.
   58567-11-6 Formaldehyde cyclododecyl ethyl acetal
   68917-33-9 Lemon oil terpenes
   78-70-6 Linalool

Eye irritation
15 May cause eye irritation.
   101-86-0 Hexyl cinnamal
   106-22-9 Citronellol
   1222-05-5 Hexamethylindanopyran
   18479-58-8 Dihydromyrcenol
   66068-84-6 Isocamphenyl cyclohexanol (mixed isomers)

Sensitization & Allergic Reactions
31 May cause allergic skin reaction.
   54464-57-2 1-(1,2,3,4,5,6,7,8-Octahydro-2,3,8,8-tetramethyl-2-nap
               thalenyl)ethanone (OTNE)
   68917-33-9 Lemon oil terpenes

Carcinogenicity or Tumorigenicity
None

Genotoxicity
None

Reproductive/Developmental
None

Target Organ Effects
28 Prolonged or repeated Dermal Exposure may cause damage to: kidneys, skin
   120-51-4 Benzyl Benzoate
   78-70-6 Linalool

26 Prolonged or repeated ingestion may cause damage to: kidneys, liver.
   78-70-6 Linalool

12. Ecological Information

Avoid contamination of soil, ground and surface water. While no specific environmental toxicity or related data is available, fragrance compositions are not expected to accumulate in the environment and environmental problems are not expected under normal conditions of use.

13. Disposal Conditions

Dispose of according to local regulations. Avoid disposing into drainage systems and into the environment.

16. Other Information

Disclaimer
The information in this MSDS pertains only to the material referred to in Section I. Any modification to the fragrance or use of the fragrance in a product application requires a new MSDS for the finished product, which is the responsibility of the user to obtain and produce its own.
OSHA Material Safety Data Sheet

Product: Burberry for Men Type

16. Other Information

The information in this MSDS was obtained from current and reliable sources. However, the data is provided without any warrant, expressed or implied, regarding its correctness or accuracy. Since the use, handling, storage and disposal of this product are beyond Pure Fragrance Oils control, it is the responsibility of the user both to determine safe conditions for the use of this product and to assume liability of loss, damage, or expense arising out of the product's improper use. No warranty expressed or implied regarding the product described herein shall be created by or inferred from any statement or mission in this MSDS. Various Federal, State or Provincial agencies may have specific regulations concerning the transportation, handling, storage, use, or disposal of this product, which may not be reflected in this MSDS. The user should review these regulations to ensure full compliance.
